# What is ERES?

- Non-profit organization at European level (Dutch based regulation) gathering Universities and research centres in Real Estate ...[www.eres.org](http://www.eres.org) with relevant industry players since 1994.
- Fostering a well networked European real estate research and education community
  - Working with national societies of property researchers: **SPR**, **gif** and **Vogon**
  - Working with other Pan-European Real Estate Organizations: **EPRA** and **INREV**
  - Working with professional bodies **RICS**

# What are the objectives of ERES?

- To raise the quality, status and reach of real estate research and education in Europe
- Promote best practice in research and education
- Provide suitable platforms for constructive engagement
- Encouraging the participation of young researchers
- Linking Europe to the world through active participation in the **International Real Estate Society (IRES)**

# What ERES organizes?

- Yearly conference (320 papers as average) from 1993
- Education seminar once a year since 2005
- Industry seminars twice a year since 2000
- Knowledge transmission focused on European research: Journal of European Real Estate Research (JERER)
- Prizes, recognitions of academic and industry excellence
- Virtual library
- Network of real estate courses in European Universities and research centres.

## Welcome to European Real Estate Society Webpage

The European Real Estate Society (ERES) was established in 1994 to create an international real estate network between academics and professionals across Europe. ERES is dedicated to promoting and advancing the real estate discipline and specifically property based research throughout Europe. The Society incorporates national research societies, academic researchers, practitioners and doctoral students engaged in real estate. The core activities of ERES include an annual conference, industry seminars and education seminars.

The *Journal of European Real Estate Research* published in partnership with ERES provides a forum for the dissemination of research articles, information flow and debate on European real estate issues.

ERES is a non-profit organisation affiliated to the International Real Estate Society, an organisation which provides a wider contact base in real estate co-operation at a global level.

**The objectives of ERES are:**

**Many thanks for  
your attention**

**Prof. Dr. Ingrid NAPPI**  
**President**  
**The European Real Estate  
Society**
